Boot leave — There are many ways to spend the 10 days off after boot camp. Recruiter's assistance, eating all the bad food/drinks you missed, hanging out with friends and family, etc. (^_^)

I stayed at my friend's house, worked at the recruiter's office and sold my motorcycle (sniff.) Then I shipped off to MCT (Marine Combat Training.)

NOTE >> This is not the end! Next stop... OKINAWA!! (>_<)
